

**PRESS RELEASE**  
**4 June 2010**

**New Chairman for ACIFC**

At its AGM last month, the Association of Concrete Industrial Flooring Contractors (ACIFC) elected Darryl Eddy, Director of ACIFC contractor member Twintec, as its new Chairman.

Darryl, who has been at Twintec for ten years, has extensive experience of working within the concrete flooring industry and sits on the Concrete Society's Industrial Floors Group. He has played a key role in the review of the Concrete Society's Technical Report (TR) 34, the recognised standard for industrial concrete flooring, and the 4<sup>th</sup> edition is expected to be published later this year which will further raise standards in the sector.

During his 2-year term, Darryl is keen for ACIFC and its members to pass on their knowledge and skills to the industry's future workforce through the development of a Specialist Apprenticeship Programme.

Reflecting on his appointment, Darryl said:

*"It is a privilege to be elected to the position of ACIFC Chairman, and I look forward to taking ACIFC from strength to strength. The integrity of the floor slab of any building is vital and ACIFC is determined to maintain the high standards and quality of workmanship delivered by its members and to promote best practice to the industry at large."*

Darryl succeeds Kevin Louch, Managing Director of Stanford Industrial Concrete Flooring, who has chaired ACIFC since 2008.
